Does Your Back Ache?

Bad Backs Bring Suffering to Many Norway Folks.

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer from dizziness, spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness! Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Norway folks.

M. W. Sampson, Prop. boat transportation business, 19 Bridge St., Norway, says: "A cold settled on my kidneys and brought on attacks of backache. I was lame and unable to move any way, the pain in my back was so severe. My kidneys didn't act right and I had dizzy spells. After using three boxes of Doan's Pills from Stone's Drug Store, the trouble left and I have been free from kidney disorder since."

Cross-Word Items

Sent in from Woodford: "Enclosed find my solution of the cross-word puzzle in yesterday's paper. I find cross-word puzzles very fascinating and hope to see more of them in the future."

Ralph B. Doughty of West Paris sent in the correct solution to Puzzle No. 5. "The Ragged Edge" but was received too late to print with last week's list.

Sent in your answers early each week. Those received after Wednesday noon cannot be printed until the following week. Send early!

Dear Editor: Lordy! I was 'way off on that No. 4 puzzle, wasn't I? "Live and learn" is right! But, where, for goodness' sake, are all the men? I'm poor showing they made this week. It goes to show that the women aren't as stupid as I hope some of them think.

I hope some of them think. I hope some of them think. I hope some of them think.

go-round." You said it wouldn't make us dizzy, but I'm willing to bet my dictionary was some dizzy by the time I had chased up some of those elusive synonyms! I'll admit I'm beaten by horizontal 31 and vertical 31. But, what pray, did you want us to do with horizontal 24 and vertical 19? Several words can be made by just adding one letter.

I see Eden is represented so I'll put in a "y" and give Eve a ride on the merry-go-round.

Cross-word Puzzles surely dust the cobwebs out of one's brain. Any one who makes one out correctly deserves a medal! No danger of my wearing one, but I'm trying darned hard!

Tell the men to whoop'er up!

Crossly yours, Mrs. Etta Cummings.

Truth Honestly Expressed

The "Up-in-Town" New Hampshire writer has this to say:

"We got too many holidays how and I suppose it won't be very many years before we shall get another holiday added to the list. This will be an eternal holiday."

"Almost everybody is complaining of having a cold, and why shouldn't they when they don't dress for cold weather; and then when a person enters a house he has a cold he just peddles it to others. I hope the time will come when people who have colds will have common sense enough to stay at home until they get over it; others don't want it. Somehow you can't make folks believe that a cold is contagious. A cold often leads to dangerous sickness."

OXFORD COUNTY IN 1812

Article No. 4
BY CHARLES E. WATERMAN

In 1812 there was no town of Oxford. At that time the political division known by that name was a part of the town of Hebron. In 1829, that part of Hebron west of Dunham Brook, Matthew's Pond and Bucknam Brook, was set off to form the town of Oxford. Hebron and Oxford have undergone several changes of name since the territory was granted to Alexander Shepard, Jr., by the Commonwealth of Massachusetts in 1777, for making a map of the then District of Maine. Whether it was Shepard's vanity that caused it to be called Shephardfield, or that the name naturally attached to it by reason of ownership is not known. The only advantage such a possession has is settlement, and Shepard was not good at bargaining. He sold a large portion of his grant to General Andrew Cragin, who had been Washington's General during the Revolution, who was a first class colonizer and tried to found an industrial city at the foot of Lake Thompson. This settlement, now the village of Oxford, was formerly known as Cragin's Mills, and is even now occasionally called by that name. Cragin lived in the old Vassal house in Cambridge, Mass. This house had been Washington's headquarters during the investment of Boston, and in later years was the home of the poet Longfellow.

Hebron sent two companies of infantry for the defense of Portland, one raised in the eastern half of the town, and commanded by Captain Isaac Bearce and attached to Colonel Clarke's regiment of foot, and the other raised in the western part, and commanded by Captain Samuel Robinson and forming a part of Colonel Ryerson's regiment. From a comparison of names it can be learned that the two companies followed the lines of the present towns of Oxford and Hebron. Captain Bearce's men were almost entirely from the territory now comprising Hebron, and Captain Robinson's men almost entirely from that territory now known as Oxford. The rolls of the two companies follow, beginning with that commanded by Captain Bearce:

Captain—Isaac Bearce.
Lieut.—Stephen Dunham.
Ensign—Alvan Turner.
Sergeants—Gideon Cushman, Jr., James Barrow, Silas Bumpus.
Corporals—Timothy Norton, David Bicknell, Bliss Tabor, Elmer Dunham.
Musicians—William Bumpus, Ezekiel Merrill.

Fryeburg School Day Memories

Levevell's Pond, Indian Fight, Scenic Beauty, Etc.
By George R. Morten

When I heard that the town of Fryeburg is to celebrate the two hundredth anniversary of the State of Maine on point with pride to so many notable men who have gone out from this village, to become well known in the history of the country. From the early days when "Uncle Sam" taught the school which has been Fryeburg Academy for more than a century, until the present day, Fryeburg has been the home of an unusual number of scholars and refined people, whose names have been heard far beyond her own borders. No village in the State can boast of more beauty in the village itself and more beautiful surroundings, and its steady climate and wide level streets, have been the admiration of many generations of people. The old grave-yard back of the main street, and in the village itself where the great soldiers were buried, is full of many old stones that date back to the beginning of last century, and have many names familiar in the history of the State. The newer grave yard which is just outside the village on the road to Bridgton and its unique stone wall, concealed in a cedar hedge, is seen and admired by thousands of tourists who pass it.

I had not been long at school there before I began to learn the history of the town, and especially of the famous fight between Captain Lovewell and Paugus, the chief of the Pequawket tribe of Indians. I remember with what pleasure I used to wander along the shores of Lovewell's Pond, and try to imagine the place where the fight actually occurred and where Paugus at last fell a victim to the bullets of the brave Captain. It is said that the first poem of Longfellow's that was ever printed was a short poem of four verses, that was printed in a Portland paper when he was only fourteen years of age, and the subject was Lovewell's Pond, and was signed "Henry." Five years later he wrote another poem on the same subject which was reported as being used at the one hundredth anniversary of the battle, in eighteen hundred and twenty-five. It is not unlikely that he used to visit this pond in his boyhood, for he spent many summers at the old Wadsworth place in the neighborhood of Hiram.

Starr King, the historian, writer and poet says of Lovewell's Pond: "It is more deeply dyed with tradition than any other place of war in New England." It is said that Whittier wrote the following on the shores of this pond, although it is the beginning of another poem, with another name. "O'er the water of the North, Dwell your brows, and lay your gaudy manes by. And once more are the eyes that seek ye fall, Uplift against the blue walls of the sky, your wings." And let the sunshine weave its golden net work in the water, and the water be glad to see it. It happened that on the day that a disastrous fire burned several houses in Fryeburg, and spoiled many of the beautiful trees, and a large tract of woodland, that I was on Mt. Washington and stayed at the Tip Top House over night. We saw the smoke during the last part of the day, and at night we could plainly see the fire, and the light of the fire, and it was with deepest sorrow that I learned that it was the beautiful town and its woodlands that was so familiar to me that was being consumed.

Herbert Brown and Clinton Milliken went to Lovell village after a load of grain, Monday. Alfred Gower is having this grip cold. Chester Rowe called on his uncle, Freeman Andrews, Friday. Webb, who has been ill for some time, remains about the same. Mrs. Eva Jones visited her sister, Mrs. John Gray, at Fryeburg Harbor last week. Mrs. Wesley Hammond spent the day, Friday, with Mrs. Eva Smith. The Sunday service which have been held in the Universalist chapel every Sunday afternoon, are now held at the Stevens Library at 2 o'clock every Sunday afternoon, Sunday School following the services. Rev. W. A. Smith as pastor.

Joseph Quinoy of Green Hill spent the week end with Byron Bemis. Archie Thompson has been on the sick list a few days the past week. The largest snow storm of the winter was the 10th. There fell 10 inches of snow and the men that drive the snow rollers made their first trip, Saturday, the 17th. Dr. Irving Mabry, Jr., of Bridgton called on his father, Dr. Irving Mabry, of this place, recently. Mrs. Lyman Meader has been sick the past week.

EAST FRYEBURG
Nearly everyone has been busy the past week getting ready for the ice. The ice is exceptionally clear this year. There was a small turn out at the Grange meeting, Friday. Mr. and Mrs. Henry Frank Sanborn attended a fine Grange meeting at Fryeburg Center, Saturday evening, where the latter installed the officers of Fryeburg Grange. Joseph Mackey lost his fine horse from throat trouble. Millard Sanborn has finished cutting wood and pulp for E. W. Pike. Horace Morse was a dinner guest, Saturday, of Milton Warren. Mrs. Fred Hall is very ill with pneumonia. A trained nurse is in attendance.

Fryeburg Center and Menotomy
James Buzzell is home from the hospital and is improving slowly. Leonard Buzzell was operated on for appendicitis one day last week at the Maine General Hospital, Portland; both James and Leonard are sons of Senator E. C. Buzzell. David Bell is suffering from rheumatism. Fred McKean, an inmate of the town farm, has had a shock and is unable to handle himself at all. Fryeburg Grange held their Installation, Saturday night. Supper was served from 6 to 8, after which Bro. Frank Sanborn of East Fryeburg Grange installed the officers. The work was done in a very able manner. He was assisted by Arthur Wiley and Helen Baker, who introduced the officers. Hester Charles and Lucetta Hutchins acted as emblems bearers, assisted by Olive L. Goldthwaite. A fair crowd was in attendance. The roads being bad kept many away, who would otherwise have been present. Mr. and Mrs. Henry Lord of East Fryeburg were visitors at Fryeburg Grange, Saturday night.

EAST OXFORD
Pratt Neighborhood
There was no school here for a few days the past week on account of the illness of the teacher. Some of the scholars have been having the prevailing cold, also. Harold Pratt has started sawing at his mill near Oxford Station. Several in this vicinity attended the entertainment at the Caldwell school-house, Saturday night. A very enjoyable time was reported. There is getting to be too much snow for autos here now so horses are getting much needed exercise. H. M. Pratt was in Portland on business, recently.

For Colds and Coughs

It is important to use preparations which act promptly and which are harmless.

Resall's Laxative Aspirin Tablets are very good for a cold in its first stages. They relieve the fever and headache which often accompanies the cold and also exert a valuable laxative action.

Resall's White Pine, Tar and Wild Cherry Compound is an old-fashioned, effective remedy which needs no introduction. It is pleasant-tasting and gives real relief in cases of cough, cold, hoarseness, bronchitis, irritation and allied catarrhal affections.

CONTROL OF NORWAY WATER CO. IN NEW HANDS
The management of the Norway Water Co. was changed at the annual meeting of the stockholders, last Monday. Its affairs have been placed in new hands. The stock vote was decisive. 707 shares were cast for a new board of directors and 334 for the old board. All the shares but 159 were represented at the meeting.
The retiring officer was tendered the usual courtesies and thanks for long continued services in the company.
Directors elected were: Albert J. Stearns, John B. Fayson, Portland; George P. Hathaway, H. Walter Brown, P. E. Deoster, M. W. Sampson and J. M. Huston of Norway.
The directors organized by electing A. J. Stearns, president; John B. Fayson, vice president; Thomas M. Huston, Treasurer and manager, and Fred E. Smith, clerk.
The report showed that the finances of the company were in good shape. Some five thousand dollars have been accumulated in the past two years. No dividends have been paid to the stockholders since 1917. The surplus earnings have been used in paying for an improving pump and in the operation of which a large saving has been made. The company has bonded debt of \$200,000 and it may have been the idea of paying up this debt instead of paying dividends that caused the change of management.
Several hundred shares of stock have changed hands. It was found that M. Huston and about forty cents on the dollar, par value, was paid.
Cellars at the Noyes Block, the Hawkins house, and at Chas. F. Bidlon's store were flooded early this week. Probably from a break along the city water main. The water company crew spent some time in locating the spot, being forced to pick through frozen earth of considerable thickness.
With the thermometer 18 below zero, Wednesday morning, Mildred Huff and Wilma Calif were out bright and early delivering the papers on their paper route.
Ten below zero and a gale blowing Friday morning caused a suspension of school activities. "No school" signal was sounded on the fire alarm at 8.05 A. M. much to the sorrow of the pupils.
Mr. and Mrs. M. L. Greenleaf have moved into the Porter house on Water street. Since the Hathaway block fire they have had rooms at Charles Allen's.
Mrs. Elbridge Gammon and Miss Lida Sawin have moved to the village for the remainder of the winter. They will live with Mr. and Mrs. Leon G. Newcomb.
John Woodman: "It is a good town, nice quiet people live in Fryeburg, got my wife there and since she left you can hear a pin drop all over town it's so still."
Mrs. W. H. Kilgore, who has been ill several weeks, is gaining.
Mickey Clements, the local boxer, knocked out O. K. Comeau of New Auburn, Friday night, while mixing things in the preliminaries at City Hall in Lewiston. Comeau lasted three rounds but was severely punished in the last go.
Heard in the postoffice: "Where is Steve?" meaning Steve Cummings, who is a regular student at the morning arrival of mail. "Steve, Steve, Astronmer Steve of the Cummings firm, where is he? A voice in the rear says: "The president is overworked preparing for the coming eclipse and you will have to excuse him. I'm carrying the mail now." It was George Cullman who spoke.
Isaac W. Abbott at the falls, the old man in town, is celebrating his 90th birthday, on Friday, and received callers who left gifts and greetings. Many post cards were sent by those unable to call. A fine birthday cake illuminated with candles was enjoyed by the guests. Mr. Abbott fractured his hip eight years ago and has been confined to his room most of the time, under the tender care of his daughter, Miss Louise Abbott. Mr. Abbott's mind is keen and his courage is good, but just waiting for springtime when he hopes to enjoy the sunshine.
Mr. and Mrs. Matthew Burke and son, Roger, of Acushnet, Mass., have been recent guests of Mr. and Mrs. P. A. Allen. Madelyn Hayden entertained a group of friends from the telephone exchange at the Hayden cottage. Madelyn reports: "The party journeyed to their destination on snow-shoes and made merry preparing dinner furnished by the hostess. Members of the party included Louise Walton, Celia Webber, Velma Frank, and the hostess."
We do printing as you want but in this period of the year we are pretty much occupied with town reports. It is the season of all seasons for rush work. Bring it in and you will get it while you wait.
Judge W. V. Jones was in Augusta last week with his wife, visiting the motor vehicle laws. A large number of Judges and lawyers were in conference and compared notes and made suggestions of proposed changes of law.
George Tripp: "If I tried into a building, the dirt removed from the streets of Norway last summer would make a building nine stories high, and fifty by fifty feet. Harry Lovejoy figured this out."
A food sale will be held at City Drug Store, Thursday afternoon, Feb. 2, at 2:30, for the benefit of the senior class of Norway High School.
Spaulding Abbott and a grisly accident, reported town last Monday with a load of hay a little smaller than Patch Mountain in Greenwood.
Scratch paper 15 cents per pound at this office. A good grade of writing paper 30 cents. If to be sent by mail, add postage.
The little Emmons girl who was operated on for appendicitis at the Nurses Hospital, recovering rapidly, the baby count by Dr. Nelson disclosed the immediate need of an operation which he preformed, being assisted by the two nurses.
The thermometer said 22 below, Wednesday morning. Being calm and clear the real condition was not appreciated within doors but something real outside. A good number of fans attended the Bethel-South Paris basketball game Tuesday evening. It is expected Betha may have a session with the Norway Athletic Club in the near future.
Frank Kimball of Freeport was in town, Monday, on business.
